

SCIENTIFIC RESEARCH AT HOME

ACADEMIC WRITING

- Have a designated writing space.
- Backup your files regularly! Backup on both cloud and physical harddisk, just in case
- Set a writing goal.
- **WRITING TIP!** Use Ryudai's VPN to access journals at home

FIELD & LAB WORK

- This is the perfect time for you to sort out your data from your previous field trips and lab notes.
- Organise your files and data on your laptop so you can easily access them and save time.
- Backup, backup, backup your data! You never know when your laptop and harddisk will stop working.

If you have any doubts about your research,
do not hesitate to email or discuss with
